

## Anti-fraud Text Alerts from **Anywhere!**

Quick notification of unusual activity gives you peace of mind.

Keep 24/7 tabs on your debit or ATM card, straight from your phone. *smsGuardian* text alert service urgently notifies you when suspect charges appear on your card - such as charges from outside the country and charges over a certain dollar amount. Approve or reject the charge at the touch of a button. If you believe your card has been compromised, a professional fraud analyst will block your card and contact you immediately.
